Agenda

Project Idea & Scope

Discussed our questions with our sponsor and below are the responses:

- ❖ Flexibility theme of prompt knowledge space
- ❖ Shared github
- ❖ Do research on current prompt market place
- ❖ That buy / sell prompts
- ❖ What kind we are interested in
- ❖ Can be used for CSUSM students
- ❖ Example: that can be used to generate a flyer/ meeting info. / event
- ❖ Provide a way for every student to share prompts.
- ❖ Instead of money use credits/ points
- ❖ What kind of incentive is not money?
- ❖ User should be able to enter what prompts in text / what model
- ❖ Design a similar prompt market but for students.
- ❖ Thursday check research finding
- ❖ What information will be stored in database (what kind of data)
- ❖ Can use AI but check of correct
